

KL4030 Based 3 & 4 Axis CNC Packages

Affordable, high-quality motion control made easy...

Specifications

Everything needed for a powerfull and effective CNC motion control system is right here. The Keling KL-4030 stepper drivers provide 1, 1/2, 1/8, 1/16, 1/32, and 1/64 microstepping at 3 amps and 40vdc. Coupled with Keling's price-leading stepper motors, this is a very capable package in the 'entry level' price range.

- Users have reported their small CNC devices are reaching speeds of 40 to 100 inches/minute, depending on actuation method.
- Many Microstepping resolutions provide control flexibility.
- Selectable Current settings for fine tuning of motors.
- Easy to incorporate into an OEM design, retrofit into a machine upgrade, or used to provide motion for a different sort of machine, the Keling basic CNC package is an effective and reliable solution.

Wired KL4030 Stepper drivers & KL-201-24 Power Supply.

Packages Include...

Item	Quantity
KL-4030 Stepper Driver Module	3 or 4
Keling 24v 8.3amp Switching Power Supply	1
24V PC Cooling Fan	1
C10 Parallel Port Breakout Board	1
5vdc 'Wall Wart' Power Supply	1

Configurations

SKU	Specification	Stepper Driver Type	Motor Spec
3AXIS01	3-Axis Package #1	KL-4030 Micro-Stepping Drivers	270 oz-in NEMA 23
4AXIS01	4-Axis Package #1	KL-4030 Micro-Stepping Drivers	270 oz-in NEMA 23
3AXIS02	3-Axis Package #2	KL-4030 Micro-Stepping Drivers	270 oz-in NEMA 23
4AXIS02	4-Axis Package #2	KL-4030 Micro-Stepping Drivers	425 oz-in NEMA 23
3AXIS03	3-Axis Package #3	KL-4030 Micro-Stepping Drivers	425 oz-in NEMA 23
4AXIS03	4-Axis Package #3	KL-4030 Micro-Stepping Drivers	425 oz-in NEMA 23
3AXIS04	3-Axis Package #4	KL-4030 Micro-Stepping Drivers	495 oz-in NEMA 23
4AXIS04	4-Axis Package #4	KL-4030 Micro-Stepping Drivers	495 oz-in NEMA 23
